

Pinela Deluxe Plus

Flexible and powerful in a stylish design

Experience the beauty of nearby nature in your own environment, at the touch of a button. Operate the panels of the Pinela Deluxe Plus effortlessly, even from a distance. Enjoy maximum natural light under this convertible roof.

The wide panels reinforce the entire structure, giving you extra protection from various weather conditions. When closing, the panels simultaneously exert pressure on the gutter rubbers. This results in optimal protection. Discover the perfect outdoor space, ready to face any season.

Pinela Deluxe Plus

The Pinela Deluxe Plus combines style, functionality, and comfort, allowing you to enjoy your outdoor space year-round. Its sleek design transforms your patio into a luxurious area where nature and technology meet. The electrically operated panels let you easily adjust light and ventilation for shade on hot days or protection from rain. Featuring wide, sturdy panels for maximum weather protection and stability, the roof spans 7 meters with only 2 posts (or 4 if freestanding), providing an unobstructed view and spacious feel. Integrated LED lighting in the gutter enhances the atmosphere, and the open panels provide flexibility when desired. The Pinela Deluxe Plus is the perfect choice for outdoor luxury and versatility.
